

WAQ 130/6 PP

The WAQ 130/6 PP series sets are made of high quality powder coated steel. They are equipped with high-quality broadband speakers with a diameter of 130 mm. Sets can be mounted both on ceilings and on walls in places inaccessible to other speakers. The WAQ 130/6 PP loudspeakers are resistant to theft and destruction attempts thanks to a very solid metal construction and solid fixing directly to the ceiling or wall. Connection module with 3-contact ceramic cube.

Technical data
